EX PARTE OR LATE 02 DEC 17

Dear Mr. Commissioner,

You appear to be the lone voice of reason among a bevy of fools running the Commission... a commission that violated the long-standing, long-accepted concept that radio stations be owned by residents of the communities in which the station is licensed to serve. Today, 85% of all commercial radio stations is owned by 3 absentee predators who not only inflict their programming concepts upon all the territories they dominate but who also stifle the independents' ability to attract advertisers.

To add insult to injury, when the Commission - perhaps with you included - declared that the LPFMs be non-commercial it removed the last opportunity for any semblance of competition as well as the opportunity for newcomers to become commercial broadcasters. Shame on you...all!

But think about this, Mr. Commissioner: When all tv stations move up to the UHF band, why not open a vacated VHF band to independently owned, full-power digital-FM stations, with strict very low limits on how many stations may be owned by a single entity and with ownership not open to any entity that operates on the present FM band? Absent this redemption the public's airwaves will be dominated by predators, religious fanatics and former pirates.

Yours truly,

OLIVER BERLINER

Dear Chairman Michael K. Powell,

I am opposed to loosening media ownership standards.

I urge the F.C.C. to tighten the standards and restrict the growth of the media monopoly in America.

We do not need a monopoly of big money interest to control our small newspapers. We are losing too much freedom ~~at~~ already.

So please keep the standards as they are better yet restrict the growth some more.

Thank You,

SIR:

ACCORDING TO THE INFORMATION SPOKEN TO ME IT SEEMS APPARENT THE FCC IS ABOUT TO OPEN UP A KING -SIZED CAN OF WORMS BY PERMITTING CONSOLIDATION OF TOO MANY MEDIA SOURCES. WE DO NOT AGREE THIS SHOULD HAPPEN! WE ALREADY HAVE FAR TOO MANY OWNERSHIPS OF MEDIA!

YOU MUST CONSIDER THE AMERICANS FIRST! NOT A CONVENIENCE OR PAY OFFS WHICH WILL HAPPEN WITH SIZEABLE WEALTHY SPONSORS! ABC AND CBS ARE GOOD EXAMPLE OF SOCIALIZED OWNERSHIPS WHOM CENSOR THEIR NEWS AND BROADCAST TRASH AND FLAGERANT PROPAGANDA!

AMERICA MUST HAVE DIVERSIONS, A TRUTHFUL MEDIA, PRO -AMERICAN MEDIAS! NOT MORE GOVERNMENT CONTROLLED SOURCES SUBMITTING TO THE WHIMS OF THE E IN WASHINGTON! WE DO NOT NEED OR WANT MORE SOCIALISM!

I WOULD ALSO APPRECIATE HOW A BLIND, DISABLED, NEAR DEAF VETERAN WITH ADVANCED DIABETIS COULD GET HIS HAM LICENSE AND GET ON THE TLE AIR?

SINCERELY,

REV. WALT HENRICKS
